Matching support
provided by:

Our youngest residents

- Annually, there are approximately **17,000** 0-4 year old children in Collier County
- So we can estimate **5,000** (30%) children ages 0-4 in poverty.
- Fewer than **1,000** low income children currently accessing subsidized preschool programs.
- At least **4,000** low income young children not in early childhood programs each year

Early Learning Priorities

Ensure all children are Kindergarten ready

- Engage families with tools and resources to support the early development of their children.
- Improve the quality of existing early childhood education providers and increase number of high quality spots available to low-income families
- Increase number of Collier children ages 0-4 screened for developmental progress.
- Increase resources available to support early childhood development.

- Goal 2025: 60% in Florida

College and Career Readiness Priorities

Ensure all young people are career ready by graduating high school on track to obtain a degree or credential.

- College Access: Increase the percentage of students completing the FAFSA.
- Develop and connect community strategies to keep students engaged in school and on-track for college and career readiness.
- Provide community-based internships for 100% of career academy and other interested students.
- Develop local strategies to connect students to ongoing community-based support in post-secondary experiences.

Collective Impact: The Irma Test

- Re-prioritized Early Learning strategies for supporting families' basic needs, and helping assess damage to early learning centers
- Devised completely new strategies so the Class of 2018 did not lose out on critical application and financial aid windows
- Future Ready Collier positioned our community to be nimble and focused on outcomes for students and families
